ABOUT ME

I am a young programmer seeking new challenges and opportunities for growth. My main area of expertise is C# (Blazor, ASP.NET, WPF, WinForms, Unity), but I have also completed projects using C++, Python, PHP, and JavaScript.

If you want to see more of my work, check my portfolio: hlepps.github.io.

FEATURED PROJECTS

KERTU
- Kertu is a modern web application designed for project management, task organization, and team collaboration.
- It was a team project, I was responsible for backend, database and tree view navigation
